NOTICE OF THE 30TH ANNUAL GENERAL MEETING

NOTICE is hereby given that the 30th (Thirtieth) Annual General Meeting ("**AGM**") of the members of Shradha Projects Limited ("the Company") will be held on Thursday the 30th day of September 2021 at 11.00 A.M. at its Registered office, Unit 9A, 9th Floor, Tirumala 22, 22 East Topsia Road, Kolkata-700046 to transact the following businesses:

ORDINARY BUSINESS

1. To consider and adopt the Audited Annual Financial Statement (Standalone & Consolidated) of the Company for the financial year ended 31st March, 2021 together with the Reports of the Auditors and the Board of Directors thereon.

"RESOLVED THAT the Directors' Report and the Audited Annual Financial Statement (Standalone & Consolidated) for the financial year ended 31st March, 2021 along with the Auditors' Report thereon are hereby considered, approved and adopted."

2. To appoint a Director in place of Mr. Shankar Lal Gupta (DIN: 00041007) who retires by rotation and being eligible, offers himself for reappointment.

Therefore, the shareholders are requested to consider and if thought fit, to pass with or without modifications the following resolution as Ordinary Resolution:

"RESOLVED THAT pursuant to Section 152 of the Companies Act, 2013, approval of the Board be and is hereby accorded for re-appointment of Mr. Shankar Lal Gupta (DIN 00041007), Director, who shall retire by rotation at the ensuing Annual General Meeting and be re-appointed as Director of the company."

3. Ratification of Appointment of Statutory Auditors

To consider and if thought fit, to pass the following resolution as an Ordinary Resolution, with or without modification:

"RESOLVED THAT pursuant to section 139 and all other applicable provisions, if any, of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014 appointment of M/s. Ranjit Jain & Co. Chartered Accountant (FRN: 322505E) made by the Board of Directors in their meeting held on 25.08.2021 to conduct Audit for the financial year 2021-2022 be and is hereby approved and ratified to hold office till the conclusion of the Annual General Meeting to be held on 2022 at a remuneration to be decided by the Board of Directors".

business may be transacted through e-Voting Services on all resolutions set forth in this notice. For the said purpose, the Board of Directors of the Company has engaged the services of National Securities Depository Limited (NSDL).

18. Voting rights will be reckoned on the paid-up value of shares registered in the name of the Members as on the cut-off date, i.e., Thursday, 23rd day of September, 2021. Only those Members whose names are recorded in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date will be entitled to cast their votes by remote e-voting. The voting rights of the Members shall be in proportion to their share(s) of the paid-up equity share capital of the Company as on the cut-off date. A person who is not a Member on the cut-off date should accordingly treat this Notice as for information purposes only.
19. The remote e-voting period commences on **Monday, the 27th day of September, 2021 (9.00.A.M. IST) and ends on Wednesday, the 29th day of September, 2021 (5.00 P.M. IST)**, after which remote e-voting will be blocked by NSDL. During this period members of the Company, holding shares as on the cut-off date i.e., **Thursday, 23rd day of September, 2021**, may cast their vote by remote e-voting. The remote e-voting module shall be disabled by NSDL for voting thereafter. Once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently or cast the vote again.
20. The facility for voting through electronic voting system shall also be made available during the AGM. Members attending the AGM who have not cast their vote by remote e-voting shall be eligible to cast their vote through e-voting during the AGM. The Members who have cast their vote by remote e-voting prior to the AGM may also attend/participate in the AGM but shall not be entitled to cast their vote again.
21. The details of the procedure and instructions for e-voting /joining the 30th AGM, as applicable are as follows:

How do I vote electronically using NSDL e-Voting system?

The way to vote electronically on NSDL e-Voting system consists of "Two Steps" which are mentioned below:

Step 1: Access to NSDL e-Voting system

A) Login method for e-Voting and joining virtual meeting for Individual shareholders holding securities in demat mode

In terms of SEBI circular dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

SHRADHA PROJECTS LIMITED

Individual Shareholders holding securities in demat mode with NSDL	Members facing any technical issue in login can contact NSDL helpdesk by sending a request at evoting@nsdl.co.in or call at toll free no.: 1800 1020 990 and 1800 22 44 30
Individual Shareholders holding securities in demat mode with CDSL	Members facing any technical issue in login can contact CDSL helpdesk by sending a request at helpdesk.evoting@cdslindia.com or contact at 022- 23058738 or 022-23058542-43

B) Login Method for shareholders other than Individual shareholders holding securities in demat mode and shareholders holding securities in physical mode.

How to Log-in to NSDL e-Voting website?

1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile.
2. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholder/Member' section.
3. A new screen will open. You will have to enter your User ID, your Password/OTP and a Verification Code as shown on the screen.
Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.
4. Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID For example, if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID For example, if your Beneficiary ID is 12***** then your user ID is 12*****.
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the company For example, if folio number is 001*** and EVEN is 101456 then user ID is 101456001***

Email: cs@shraddhaprojects.com Website: www.shraddhaprojects.com

5. Password details for shareholders other than Individual shareholders are given below:
 - a) If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
 - b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
 - c) How to retrieve your 'initial password'?
 - If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email ids are not registered**
6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
 - a) Click on "**Forgot User Details/Password?**" (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
 - b) **Physical User Reset Password?**" (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
 - c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
 - d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
7. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.
8. Now, you will have to click on "Login" button.
9. After you click on the "Login" button, Home page of e-Voting will open.

Email: cs@shradhaprojects.com Website: www.shradhaprojects.com

Step 2: Cast your vote electronically and join General Meeting on NSDL e-Voting system.

How to cast your vote electronically and join General Meeting on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle and General Meeting is in active status.
2. Select "EVEN" of company for which you wish to cast your vote during the remote e-Voting period and casting your vote during the General Meeting. For joining virtual meeting, you need to click on "VC/OAVM" link placed under "Join General Meeting".
3. Now you are ready for e-Voting as the Voting page opens.
4. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.
5. Upon confirmation, the message "Vote cast successfully" will be displayed.
6. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
7. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

General Guidelines for shareholders

1. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to rohitsinghi.rs@gmail.com with a copy marked to evoting@nsdl.co.in.
2. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the "[Forgot User Details/Password?](#)" or "[Physical User Reset Password?](#)" option available on www.evoting.nsdl.com to reset the password.
3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800 1020 990 and 1800 22 44 30 or send a request to at evoting@nsdl.co.in.

FORMAL ANNUAL EVALUATION:

Pursuant to the provisions of Companies Act, 2013, the Board has carried out an evaluation of its own performance, the directors individually as well as the evaluation of the working of its Audit Committee and Nomination and Remuneration Committee.

During the year, the Board adopted a formal mechanism for evaluating its performance and as well as that of its Committees and individual Directors. The exercise was carried out through a

structured evaluation process covering various aspects of the Boards functioning such as composition of the Board & Committees, experience & competencies, performance of specific duties & obligations, attendance of the meetings, governance issues etc. Separate exercise was carried out to evaluate the performance of individual Directors who were evaluated on parameters such as attendance, contribution at the meetings and otherwise, independent judgment, safeguarding of minority shareholders interest etc.

The evaluation of the Independent Directors was carried out by the entire Board and that of the Non-Independent Directors were carried out by the Independent Directors.

The Directors were satisfied with the evaluation results, which reflected the overall engagement of the Board and its Committees with the Company.

MEETING OF INDEPENDENT DIRECTORS:

The Company's Independent Directors meet at least once in every financial year without the presence of Executive Directors, Management Personnel. Such meetings are conducted informally to enable Independent Directors to discuss the matter pertaining to the Company's affairs and put forth their views to lead Independent Director. At present the Company has three Independent Directors i.e., Mr. Binod Kumar Kesan, Mr. Vikram Gupta and Mrs. Suman Chakraborty.

The meeting of Independent Directors was held on **04.02.2021** during the year.

COMMITTEES:

With a view to have a more focused attention on business and for better governance and accountability, and in accordance with the Companies Act 2013, your Board has re-constituted the following mandatory committees viz. Audit Committee, Stakeholders' Relationship Committee, Nomination and Remuneration Committee.

i) AUDIT COMMITTEE:

The Audit Committee acts as a link between the statutory and internal auditors and the Board of Directors. Its purpose is to assist the Board in fulfilling its oversight responsibilities of monitoring financial reporting processes, reviewing the Company's established systems and processes for internal financial controls, governance and reviewing the Company's statutory and internal audit activities. The Committee is governed by its terms of reference which is in line with the regulatory requirements mandated by the Companies Act, 2013 and Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 of the Listing Agreement. The Audit Committee at present comprise of three Non-executive Directors. There was no change in the constitution of the Audit Committee. The Audit Committee met **six times** during the year i.e. on **31.07.2020, 31.08.2020, 14.09.2020, 12.11.2020, 12.02.2021 and 09.03.2021**. The composition of the Audit Committee is as follows:

Members	Type	Executive/ Non-executive	No. of Meeting Attended
Mr. Binod Kumar Kesan	Chairman	Non-executive & Independent	6/6
Mr. Vikram Gupta	Member	Non-executive & Independent	6/6
Mrs. Suman Chakraborty	Member	Non-executive & Independent	6/6

The broad terms of reference of the Committee includes: -

- To hold periodic discussion with statutory auditors and internal auditors concerning the accounts, internal audit system, scope of audit and observations of the auditor/internal auditors
- To review compliance with internal control system.
- To oversee the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible.
- To review the quarterly, half yearly and annual financial results of the Company before submission to the Board.
- To review periodically statements of transactions with related parties in the ordinary course of business.
- To investigate into any matter in relation to items specified in Section 177 of the Companies Act, 2013 or as may be referred to it by the Board.
- To make recommendation to the Board on any matter relating to the financial management of the Company.

ii) NOMINATION AND REMUNERATION COMMITTEE:

One meeting of the Nomination and Remuneration Committee was held on 9th March, 2021. The composition of the Nomination and Remuneration Committee is as follows:-

Name of the Committee Members	Nature of Directorship	Membership
Mrs. Suman Chakraborty	Independent Director	Chairman
Mr. Binod Kumar Kesan	Independent Director	Member
Mr. Vikram Gupta	Independent Director	Member

The broad terms of reference of the Committee includes: -

- To identify persons who are qualified to become Directors and who may be appointed in senior management in accordance with the criteria laid down and to recommend to the Board their appointment and/ or removal.
- To carry out evaluation of every Director's performance.

- To formulate the criteria for determining qualifications, positive attributes and independence of a Director, and recommend to the Board a policy, relating to remuneration for the Directors, Key managerial personnel and other employees.
- To formulate the criteria for evaluation of Independent Directors and the Board.
- To recommend/review remuneration of the Managing Director(s) based on their performance and defined assessment criteria.

iii) STAKEHOLDER RELATIONSHIP COMMITTEE:

Pursuant to section 178(5) of Companies Act 2013 and revised Regulation 20 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the company has renamed its existing investor/Shareholder Grievance Committee as “**Stakeholder Relationship Committee**” and revised the terms of reference accordingly. The Stakeholder Relationship Committee at present comprise of Three Non- executive Directors. Its composition can be seen as follows:

The Stakeholder Relationship Committee at present comprise of three Non-executive Directors. The Stakeholder Relationship Committee met four times in the year i.e. on **02.06.2020, 03.08.2020, 16.10.2020 and 25.01.2021**. The composition of the Stakeholder Relationship Committee is as follows:

Members	Type	Executive/ Non-executive
Mrs. Suman Chakraborty	Chairman	Non-executive & Independent
Mr. Vikram Gupta	Member	Non-executive& Independent
Mr. Binod Kumar Kesan	Member	Non-executive & Independent

The broad terms of reference of the Committee includes: -

- Oversee and review all matters connected with the transfer of the Company’s securities.
- Oversee the performance of Company’s Registrars and Transfer Agents.
- Recommend methods to upgrade the standard of services to investors.
- Monitor implementation and compliance with the Company’s Code of Conduct for prohibition of Insider Trading.

It had been complying with all relevant enactments and status of the land in letter & in spirit. There is a strict adherence to ethics and responsibility towards all those who come within its corporate ambit.

Indian economy – Overview

As the fastest growing major economy in the world, India is expected to emerge as one of the top three economic powers of the world over the next 10-15 years, as per Central Statistics Organisation (CSO) and IMF (international Monetary Fund). Moody's upgradation of India's sovereign rating after 14 years, from Baa3 (lowest investment grade) to Baa2, also underlines the strength of its economic fundamentals.

The research council has pitched for strong fiscal support to push India's economic growth in its quarter review report, reported news agency PTI. "We estimate that gross domestic product (GDP) will grow 11.5% in Q1 (first quarter) and 8.4-10.1% for the whole year 2021-22," the think-tank said. The double-digit growth registered by non-banking financial companies (NBFCs) during the second and third quarters of 2020-21 amid the disruptions caused by the COVID-19 pandemic reflects the 'resilience' of these entities, an RBI article said. The consolidated balance sheet of NBFCs registered a Y-o-Y growth of 13 per cent and 11.6 per cent in Q2 and Q3 of financial year 2020-21, respectively, the article, Performance of NBFCs during the Pandemic: A Snapshot, published in the RBI's bulletin for May 2021 said. This declaration compared to corresponding quarters of 2019-20 could be attributed to the COVID-19 induced economic slowdown and weak demand, it said. With strong capital and on-balance sheet buffers, non-banking financial companies are well prepared to deal with any impact on economic activities due to the second wave of COVID19, a report said.

NBFCs in India

The Indian NBFC sector for the past three years have been giving stiff competition to established banks in the country and finally edged ahead as their portfolio of loans grew at a rate of 14.9% during the first half of 2018-19, compared to 6.2% in the case of banks. The credit granted by NBFCs as a percentage of GDP rose to 8%, displaying their significance in the country's financial ecosystem. While the bank credit reached a historical low during 2016-17, NBFCs recorded an increased credit performance during the same year, highlighting the growing popularity in the country. Retail NBFCs benefited immensely from lower interest rate and benign liquidity conditions in the last three years. It not only lowered their cost of funds and boosted margins but easy availability of capital allowed them to raise their share of the overall loan market at the expense of commercial banks. This came on the back of industry's equally fast growth in the previous three years. Retail NBFCs' loan book grew at a CAGR of 19.7% during the three years ending March 2017. In the Indian economy, NBFC is playing a phenomenal role by

SHRADHA PROJECTS LIMITED

providing excellent sources of funding. NBFC has gone through extraordinary progress over the past few years. In India, NBFC majorly covers those sections that are not covered by the banks, i.e. Infrastructure, micro, small and medium enterprises. NBFCs are often used by the borrower as compares to the banks as they are quite efficient in meeting financial requirements. This helped bridge the credit gap in the country and provided alternate sources of finance to individuals and entities with lower credit ratings.

The economic slowdown in 2019-20 kept the financial markets jittery. The concerns on fiscal slippage, rising geopolitical tensions and weakness in the overall economic activity put further pressure on the business growth of lenders, including NBFCs in the year 2020-2021. As a part of COVID-19 relief measures, the RBI offered moratorium to the borrowers. It further relaxed the bad loan classification period from 90 days to 180 and advised NBFCs to maintain adequate provisioning. The six month moratorium on term loan repayments given by RBI will not result in any revenue (Interest income) loss for lending banks and NBFCs as borrowers opting for deferment will either have to extend their tenure else increase the quantum of EMIs. NBFCs with strong business model, strong capital base & liquidity position together with innovative business strategies can overcome the impact of this disruption and continue its successful growth trajectory.

Opportunities and Threats

Rising entrepreneurship among the country's youth has bolstered demand for small-ticket loans because of the low interest burden associated with them. People are gradually opting for online loan facilities because of the inherent ease-of-use and speed of transactions. The market remains largely under-penetrated with the 15 major cities in India preferring loans against shares and properties, whereas the remaining 15 cities beyond the top-15 exhibiting a preference for microfinance. NBFCs lend to retail borrowe` without strong credit history and mid-level corporates who are usually not considered creditworthy by major banks, indicating the fact that there is still ample headroom for growth for NBFCs. With the banking sector bearing the brunt of rising NPA levels, they are becoming increasingly strict when it comes to disbursing loans, brightening prospects for NBFCs. Even if half of the lower-middle class makes the transition to upper-middle or middle class, they would still amount to 350 million people, indicating that there will be a sizeable chunk of the population for the NBFCs to cater to over the long-term. The Financial Intelligence Unit put 9,491 non-banking finance companies (82% of the total NBFCs in India) under the highrisk category because of noncompliance with Prevention of Money Laundering Act. With a large number of NBFCs getting into the market, the competition is becoming fierce as consume` have more alternatives to choose from. Unorganised money lenders continue to hold sway in the rural markets and are a significant threat to NBFCs in these areas.

Risks and mitigation

Though the industry is presently doing well, it possesses certain risks as well. One of them being the high interest rates levied on NBFCs which will affect them in two ways. First, it will compress industry's NIMs or the spread of yield on assets over cost of funds. Secondly, higher interest rate could hit the demand for retail loans, lowering industry's pace of growth. The fact that credit penetration of NBFCs in India is at 13% of GDP, which is significantly low in comparison to other emerging

SHRADHA PROJECTS LIMITED

economies, reflects that there are still few challenges that need to be addressed immediately. One of the key challenges that NBFCs currently face is that they are extremely dependent on competitors, banks and capital markets for raising funds. This can prove detrimental to the sustainability of their growth and can cause lot of distress, as funds from these sources can dry up without much notice. A strong regulatory framework which allows opening up of refinance windows will help NBFCs raise low-cost funds and increase their lending penetration. Another critical factor that forms a challenge for NBFCs is lack of flexibility in classification of loans. The assumption of 'one-size fits all' doesn't work for NBFCs. The regulations need to consider the borrowers' profile and assets under classification. Other issues that need redressal include withdrawal of priority sector status of bank lending to NBFCs, disparity in treatment in terms of taxation for NBFCs and banks and minimum mandatory credit rating for deposit taking NBFCs.

Internal control systems

The Company's internal audit system has been continuously monitored and updated to ensure that assets are safeguarded, established regulations are complied with and pending issues are addressed promptly. The audit committee reviews reports presented by the internal Auditors on a routine basis. The committee makes note of the audit observations and takes corrective actions, if necessary. It maintains constant dialogue with statutory and internal Auditors to ensure that internal control systems are operating effectively.

Human resources

The Company continues to emphasize on retaining, training and enhancing its human resource base. The Company recognizes the role that human capital plays in the modern workplace and aims to create a harmonious environment to enable the raising of employee productivity and hence allow employees to reach their full potential. The recruitment, training, appraisal programmes of the Company continued to run seamlessly, coupled with performance-based incentives and better-than-industry-rates of compensation. These efforts resulted in growing the human capital which translated into lower employee turnover rates.

Operations and financial performance

During the year, despite of uncertainty in the Indian market scenario in the last quarter of the year, our prudent business management tactics resulted in a net profit of ₹ 50 lac.

Cautionary statement

Statements in this report on management discussion and analysis, describing the Company's objectives, estimates, expectations or predictions are all 'forward-looking statements' within the meaning of the applicable securities, laws and regulations. These statements are based on certain assumptions and expectations regarding future events. The Company assumes no responsibility whatsoever to publicly amend, modify or revise any 'forward-looking statements' on the basis of any subsequent information, developments and events.

FORM NO. MR- 3

**SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2021**

*[Pursuant to Section 204(1) of the Companies Act, 2013 and
Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]*

To,
The Members,
Shradha Projects Limited

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Shradha Projects Limited** (hereinafter called “The Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period ended on **31st March, 2021** complied with the statutory provisions listed here-under and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Shradha Projects Limited (“**The Company**”) for the period ended 31st March, 2021 according to the provisions of:

- (i) The Companies Act, 2013 (**the Act**) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (**‘SCRA’**) and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (**‘SEBI Act’**) viz: -
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; (Not applicable to the Company during the Audit Period).
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; (Not applicable to the Company during the Audit Period).
 - e) The Securities and Exchange Board of India (Issue and listing of Debt securities) Regulations, 2008; (Not Applicable to the Company during the Audit Period).

- f) The Securities and Exchange Board of India (Registrar to an issue and Share Transfer Agents) Regulations, 1993;
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (Not applicable to the Company during the Audit Period).
- h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (Not applicable to the Company during the Audit Period).
- i) The Securities and Exchange Board of India (Listing Obligations and disclosure Requirements) Regulations, 2015;

We have also examined compliance with the applicable clauses of the following:

- i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- ii) The Provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, Listing Regulations etc. mentioned above.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

None of the directors in any meeting dissented on any resolution and hence there was no instance of recording any dissenting member's view in the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period there are no specific events/actions which have any major bearing on the Company's affairs.

This report is to be read with our letter of even date which is annexed as “**Annexure-1**” which forms an integral part of this Secretarial Audit Report.

"ANNEXURE-1"

To,
The Members,
Shradha Projects Limited

Our report of even date is to be read along with this letter.

1. Maintenance of Secretariat records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretariat records. The verification was done on the test basis to ensure that correct facts are reflected in Secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and books of accounts of the Company.
4. Wherever required, we have obtained the Management representation about compliance of laws, rules and regulations and happenings of events etc.
5. The compliance of provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of efficacy or effectiveness with which the management has conducted the affairs of the Company.

CFO CERTIFICATION UNDER REGULATION 17(8)

**To,
The Board of Directors
Shradha Projects Ltd.**

1. We have reviewed financial statements and the Cash Flow Statement of Shradha Projects Ltd. for the year ended 31st March, 2021 and to take best of our knowledge & belief:
 - i) These statement do not contain any materially untrue statement or omit any material fact or contain statement that might be misleading;
 - ii) These statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
2. There are, to the best of our knowledge and belief, no transactions entered into by the Company during the transactions entered into by the Company during the year which are fraudulent, illegal or violative of the Company's Code of Conduct.
3. We accept the responsibility for establishing and maintaining internal controls for financial reporting and we have evaluated the effectiveness of Company's internal control systems pertaining to financial reporting. We have not come across any reportable deficiencies in the design or operation of such internal controls.
4. We have indicated to the Auditors and the Audit Committee:
 - (i) that there are no significant changes in internal control over financial reporting during the year.
 - (ii) that there are no significant changes in accounting policies during the year; and
 - (iii) that there are no instances of significant fraud of which we have become aware.

Sd-

Satya Narayan Agarwal
(Chief Financial Officer)

INDEPENDENT AUDITOR'S REPORT

To the Members of
SHRADHA PROJECTS LIMITED

Report on the Audit of the Ind AS Standalone Financial Statements

Opinion

We have audited the accompanying Ind AS Standalone financial statements of **SHRADHA PROJECTS LIMITED** ("the Company"), which comprise the Balance Sheet as at **March 31, 2021**, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Ind AS financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act, of the state of affairs of the Company as at March 31, 2021, its Profit (including other comprehensive income), changes in equity and its cashflows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and informing our opinion there on, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matters	How the matter was addressed in our audit:
1.	<p>Impairment loss allowance of loans</p> <p>Impairment loss allowance of loans ("Impairment loss allowance") is a key audit matter as the company has significant credit risk exposure. The value of loans on the balance sheet is significant and there is a high degree of complexity and judgment involved for the Company in estimating individual and collective credit impairment provisions, write-offs against these loans and to additionally determine the potential impact of unprecedented COVID-19 pandemic on asset quality and provision of the Company.</p> <p>The Company's model to calculate expected credit loss ("ECL") is inherently complex and judgment is applied in determining the three-stage impairment model ("ECL Model"), including the selection and input of forward-looking information. ECL provision calculations require the use of large volumes of data. The completeness and reliability of data can significantly impact the accuracy of the modelled impairment provisions. The accuracy of data flows and the implementation of related controls are critical for the integrity of the estimated impairment provisions.</p>	<p>We started our audit procedures with the understanding of the internal control environment related to Impairment loss allowance. Our procedures over internal controls focused on recognition and measurement of impairment loss allowance. We assessed the design and tested the operating effectiveness of the selected key controls implemented by the Company.</p> <p>We also assessed whether the impairment methodology used by the Company is in accordance with the assumptions and methodology approved by the Board of Directors of the Company, which is based on and in compliance with Ind AS 109, "Financial instruments". More particularly, we assessed the approach of the Company regarding the definition of default, Probability of Default, Loss Given Default and incorporation of forward-looking information for the calculation of ECL.</p> <p>For loans which are assessed for impairment on a portfolio basis, we performed particularly the following procedures:</p> <ul style="list-style-type: none"> - tested the reliability of key data inputs and related management controls; - checked the stage classification as at the balance sheet date as per definition of default; - validated the ECL model and calculation; - calculated the ECL provision manually for a selected sample; and - We have checked the provision on Loan Assets as per Income Recognition, Asset Classification and Presentation ("IRACP") norms as required by RBI.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Report on Corporate Governance but does not include the Ind AS financial statements and our auditor's report thereon. The above mentioned other information are expected to be made available to us after the date of this auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and accordingly, we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Ind AS financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

(1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(2) As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account;
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e) On the basis of the written representations received from the directors as on March 31, 2021, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- (i) The Company does not have any pending litigations which would impact its financial position;
- (ii) The Company did not have any long-term contracts including derivative contracts. Hence, the question of any material foreseeable losses does not arise.
- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1 under ‘Report on other legal and regulatory requirements’ section of our report to the members of **SHRADHA PROJECTS LIMITED** of even date)

1. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
- (b) The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the company.
2. (a) The management has conducted the physical verification of inventory at reasonable intervals.
- (b) As explained to us, no material discrepancies have been noticed on physical verification of inventories as compared to the book records.
3. The company has given loans to Three (3) companies covered in the register maintained under section 189 of the Companies Act, 2013.

In our opinion the terms and conditions on which loans have been granted to companies, firms or other parties listed in the registers maintained under section 189 of the Companies Act, 2013 are not prejudicial to the interest of the company.

The parties have been regular in the payment of interest.

There is no overdue amount of loan granted to companies, firms or limited liability partnerships or other parties listed in the registers maintained under section 189 of the Companies Act, 2013.

4. In our opinion and according to information and explanation given to us, in respect of loans, investments, guarantees and security, the Company has complied with the provisions of sections 185 and section 186 of the Companies Act, 2013.
5. In our opinion and according to the information and explanations given to us, the company has not accepted any deposits and accordingly paragraph 3 (v) of the order is not applicable.

6. The Central Government of India has not prescribed the maintenance of cost records under sub-section (1) of section 148 of the Act for any of the activities of the company and accordingly paragraph 3 (vi) of the order is not applicable.

7. In respect of statutory dues:

A. According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales- tax, service tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues have been generally regularly deposited during the year by the company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, sales- tax, service tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues were in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

B. According to the information and explanations given to us and the records of the company examined by us, there are no dues of income-tax, sales- tax, service tax, goods and service tax, duty of customs, duty of excise and value added tax which have not been deposited on account of any dispute.

8. Based on our audit procedures and on the information and explanations given by the management, we are of the opinion that the company has not defaulted in the repayment of loans and borrowings to a financial institution, bank, government or dues to debenture holders.

9. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and has not taken any term loans during the year. Accordingly, paragraph 3 (ix) of the order is not applicable.

10. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.

11. According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

12. The Company is not a Nidhi Company and accordingly, paragraph 3 (xii) of the order is not applicable to the Company.
13. According to the information and explanations given to us and based on our examination of the records of the company, transactions with the related parties are in compliance with section 177 and 188 of the Act. Where applicable, the details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
14. According to the information and explanations given to us and based on our examination of the records of the company, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the order is not applicable.
15. According to the information and explanations given to us and based on our examination of the records of the company, the company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the order is not applicable.
16. The Company is a Non Banking Financial Company and is required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly have obtained the required registration certificate from the Reserve Bank of India.

“Annexure B” to the Independent Auditor’s Report of even date on the Ind AS Standalone financial statements of SHRADHA PROJECTS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **SHRADHA PROJECTS LIMITED** (“the Company”) as of March 31, 2021 in conjunction with our audit of the Ind AS standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE A

SIGNIFICANT ACCOUNTING POLICIES

A. Statement of compliance

A(i) In accordance with the notification issued by the Ministry of Corporate Affairs ("the MCA"), the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, from 1st April, 2019 and the effective date of such transition was 1st April, 2018. Such transition has been carried out from the erstwhile Accounting Standards notified under the Act, read with relevant rules issued thereunder and guidelines issued by the RBI (collectively referred to as "the Previous GAAP").

B. Basis of Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with Ind AS notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Ind AS at the end of each reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The preparation of financial statements require the use of certain significant accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities.

The management believes that the estimates used in preparation of financial statements are prudent and reasonable.

Actual results could differ from those estimates and the differences between the actual results and the estimates would be recognised in the periods in which the results are known / materialised.

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest Lakhs, except otherwise indicated.

Comparative information has been restated to accord with changes in presentations made in the current year, except where otherwise stated.

The accounting policies for some specific items are disclosed in the respective notes to the financial statements.

The financial statements of the Company are presented as per Schedule III (Division III) to the Act applicable to Non- Banking Financial Companies (NBFCs), as notified by the MCA.

C. Revenue Recognition

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company, it can be reliably measured and it is reasonable to expect ultimate collection.

Revenue from Operations is recognised in the Statement of Profit and Loss on an accrual basis as stated herein below:

i) Interest income from financial assets is recognised by applying the Effective Interest Rate ('EIR') to the gross carrying amount of financial assets, other than credit-impaired assets and those classified as measured at Fair Value through Profit or Loss (FVTPL) or Fair Value through Other Comprehensive Income (FVTOCI).

Any subsequent changes in the estimation of the future cash flows having impact on EIR are recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

ii) Interest Income on credit impaired financial assets is recognised by applying the effective interest rate to the net amortised cost (net of provision) of the financial assets.

iii) Income or net gain on fair value changes for financial assets classified as measured at FVTPL and FVTOCI.

iv) Revenue from trading in securities/intraday transactions is accounted for on trade date basis.

v) Income from dividend is recognised when the Company's right to receive such dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

D. Borrowing Costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds including interest expense calculated using the effective interest method.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Other income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Interest expense includes origination costs that are initially recognised as part of the carrying value of the financial liability and amortized over the expected life using the EIR. It also include expenses related to borrowing which are not part of effective interest as not directly related to loan origination.

E. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

- **Current tax**

Current Tax is determined at the amount of tax payable in respect of taxable profit for the year as per the Income-tax Act, 1961. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates that have been enacted or substantially enacted at the reporting period.

- **Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases.

Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences, unused tax credits and unused tax losses being carried forward, to the extent that it is probable that taxable profits will be available in future against which these can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

- **Current and deferred tax for the year**

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

F. Property, Plant and Equipment

Property, plant and equipment shown in the balance sheet consists of assets used in the provision of services or for administrative purposes.

- **Initial and subsequent recognition**

Property, plant and equipment are initially recognised at cost together with borrowing cost capitalized for qualifying assets. Cost comprises the purchase price and any directly attributable cost of bringing the asset to the location and its working condition for its intended use. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent to initial recognition, property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

- **Derecognition**

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

- **Depreciation**

Depreciation commences when the assets are ready for their intended use. It is recognised to write down the cost of the property, plant and equipment to their residual values over their useful lives, using the straight-line basis. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The Company has adopted the useful life as specified in Schedule II to the Act. Premium paid on Leasehold Land is amortized over a period of Lease.

Depreciation on assets purchased / sold during the period is recognised on a pro-rata basis.

G. Cash and cash equivalents

Cash and cash equivalents comprise of cash on hand, balances with banks, cheques on hand, remittances in transit and short-term investments with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

H. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker (CODM). The CODM assess the financial performance and position of the Company and makes strategic decisions.

➤ Financial Instruments

Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

1. Financial assets to be measured at amortised cost
2. Financial assets to be measured at fair value through other comprehensive income
3. Financial assets to be measured at fair value through profit or loss

The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets which are explained below:

➤ Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel.
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed.
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
- The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

➤ **The Solely Payments of Principal and Interest (SPPI) test**

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

‘Principal’ for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

➤ **Recognition of Financial Instruments:**

Financial assets and financial liabilities are recognised when entity becomes a party to the contractual provisions of the instruments. Loans & advances and all other regular way purchases or sales of financial assets are recognised and derecognised on the trade date basis.

➤ **Initial Measurement of Financial Instruments:**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

➤ **Subsequent Measurement:**

(A) Financial Assets

Financial Assets carried at Amortised Cost:

These financial assets comprise bank balances, Loans, Trade Receivables, other receivables, investments and other financial assets.

A financial asset is measured at amortised cost, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI):

A financial asset is measured at FVTOCI, if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through Profit or Loss (FVTPL):

Financial assets at FVTPL include financial held for trading and financial assets designated upon initial recognition as at FVTPL. A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Any differences between the fair values of financial assets classified as FVTPL and held by the Company on the balance sheet date is recognised in the Statement of Profit and Loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gain on fair value changes" under Revenue from Operations and if there is a net loss the same is recognised in "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss.

Effective Interest Rate (EIR) Method:

The EIR is a method of calculating the amortised cost of a debt instrument and of allocating interest income or expense over the relevant period.

The EIR for financial assets or financial liability is computed:

- a) At the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset or to the amortised cost of a financial liability on initial recognition.
- b) By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c) Including all fees received between parties to the contract that are integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Impairment of Financial Assets:

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and FVTOCI at each reporting date based on evidence or information that is available without undue cost or effort.

The Company measures the loss allowance for a financial asset at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has

increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for that financial asset at an amount equal to 12-month expected credit losses. No Expected credit losses are recognised on equity investments.

Derecognition of Financial Assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset accounted under Ind AS 109 in its entirety:

- a) for financial assets measured at amortised cost, the gain or loss is recognised in the Statement of Profit and Loss.
- b) for financial assets measured at fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves may be reclassified within equity.

If the transferred asset is part of a larger financial asset and the part transferred qualifies for derecognition in its entirety, the previous carrying amount of the larger financial asset shall be allocated between the part that continues to be recognised and the part that is derecognised, on the basis of the relative fair values of those parts on the date of the transfer.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, it recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, it continues to recognise the financial asset and also recognises a liability for the proceeds received.

Modification/ revision in estimates of cash flows of financial assets:

When the contractual cash flows of a financial asset are renegotiated or otherwise modified and the renegotiation or modification does not result in the derecognition of that financial asset in accordance with Ind AS 109, the Company recalculates the gross carrying amount of the financial asset and recognises a modification gain or loss in the Statement of Profit and Loss.

(B) Financial Liabilities & Equity Instruments Classification as debt or equity:

Financial liabilities and equity instruments issued are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An Equity Instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial Liabilities

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109 - "Financial Instruments".

Financial liabilities measured at amortised cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method except for those designated in an effective hedging relationship.

Amortised cost is calculated by taking into account any discount or premium and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the EIR method.

Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year, which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

Fair value measurement

On initial recognition, all the financial instruments are measured at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability. The Principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are as follows:

Level 1 financial instruments: Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are

based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments: Those that include one or more unobservable input that is significant to the measurement as whole.

Write-offs

The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

Earnings Per Share ('EPS')

Basic EPS per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

Impairment losses on loans and advances

The measurement of impairment losses across all categories of financial asset requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These are based on the assumptions which are driven by a number of factors resulting in future changes to the impairment allowance.

A collective assessment of impairment takes into account data from the loan portfolio (such as credit quality, nature of assets underlying assets financed, levels of arrears, credit utilization, loan to collateral ratios etc.), and the concentration of risk and economic data (including levels of unemployment, country risk and performance of different individual groups). These significant assumptions have been applied consistently to all period presented.

The impairment loss on loans and advances is disclosed in more detail in Note No. 1.14.6 Overview of the ECL principles.

Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model, if so, then it will be a prospective change to the classification of those assets.

Contingent liabilities and provisions other than impairment of loan portfolio

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

Fair Value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of

judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Other estimates

These include contingent liabilities, useful lives of tangible assets etc.

Foreign currency transactions and translations

Transactions in foreign currencies are translated to the functional currency of the Company (i.e. INR) at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date and the related foreign currency gains or losses are recognised in the Statement of Profit and Loss.

I. Retirement Benefits

Gratuity is charged to Profit & Loss Account on the basis of contribution made to the Khaitan Group of Industries (Trust) maintained by LIC Of India.

INDEPENDENT AUDITOR'S REPORT

To the Members of
SHRADHA PROJECTS LIMITED

Report on the Audit of the Ind AS Consolidated Financial Statements

Opinion

We have audited the accompanying Ind AS Consolidated financial statements of **SHRADHA PROJECTS LIMITED** (hereinafter referred to as the "Holding Company") and its associates (Holding Company and its associates together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Ind AS financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act, of the state of affairs of the Company as at March 31, 2021, its Profit (including other comprehensive income), changes in equity and its cashflows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and informing our opinion there on, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matters	How the matter was addressed in our audit:
1.	<p>Impairment loss allowance of loans</p> <p>Impairment loss allowance of loans ("Impairment loss allowance") is a key audit matter as the company has significant credit risk exposure. The value of loans on the balance sheet is significant and there is a high degree of complexity and judgment involved for the Company in estimating individual and collective credit impairment provisions, write-offs against these loans and to additionally determine the potential impact of unprecedented COVID-19 pandemic on asset quality and provision of the Company.</p> <p>The Company's model to calculate expected credit loss ("ECL") is inherently complex and judgment is applied in determining the three-stage impairment model ("ECL Model"), including the selection and input of forward-looking information. ECL provision calculations require the use of large volumes of data. The completeness and reliability of data can significantly impact the accuracy of the modelled impairment provisions. The accuracy of data flows and the implementation of related controls are critical for the integrity of the estimated impairment provisions.</p>	<p>We started our audit procedures with the understanding of the internal control environment related to Impairment loss allowance. Our procedures over internal controls focused on recognition and measurement of impairment loss allowance. We assessed the design and tested the operating effectiveness of the selected key controls implemented by the Company.</p> <p>We also assessed whether the impairment methodology used by the Company is in accordance with the assumptions and methodology approved by the Board of Directors of the Company, which is based on and in compliance with Ind AS 109, "Financial instruments". More particularly, we assessed the approach of the Company regarding the definition of default, Probability of Default, Loss Given Default and incorporation of forward-looking information for the calculation of ECL. For loans which are assessed for impairment on a portfolio basis, we performed particularly the following procedures:</p> <ul style="list-style-type: none"> - tested the reliability of key data inputs and related management controls; - checked the stage classification as at the balance sheet date as per definition of default; - validated the ECL model and calculation; - calculated the ECL provision manually for a selected sample; and - We have checked the provision on Loan Assets as per Income Recognition, Asset Classification and Presentation ("IRACP") norms as required by RBI.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Report on Corporate Governance but does not include the Ind AS financial statements and our auditor's report thereon. The above mentioned other information are expected to be made available to us after the date of this auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and accordingly, we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates in accordance with the accounting principles generally accepted in India, including the IND AS specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the Group and of its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are responsible for overseeing the financial reporting process of the Group and of its associates.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Ind AS financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- a) As stated in note no. 41 of the consolidated financial statement regarding non availability of the financial statement for the year ended 31st March, 2021 of Associate Company, due to which the same has not been consolidated in these Consolidated Financial Statements.
- b) The Consolidated Financial Statement includes the Groups share of Profit of ₹ 978.28 lacs for the financial year ended 31st March 2021, as considered in the consolidated financial statements, in respect of 8 associates, whose financial statements have not been audited by us. The aforesaid financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid associates, is based solely on the reports of the other auditors.

Our opinion is not modified in respect of this matter

Report on Other Legal and Regulatory Requirements

As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) the Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of accounts maintained for the purpose of the consolidated financial statements;
- d) in our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2021, and the reports of the statutory auditors of its associate company incorporated in India, none of the directors of the Company and its associate company incorporated in India is disqualified as on and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A";
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note No.38 to the Ind AS consolidate financial statements;
 - (ii) The Company did not have any long-term contracts including derivative contracts. Hence, the question of any material foreseeable losses does not arise.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

“Annexure A” to the Independent Auditor’s Report of even date on the Ind AS Consolidated financial statements of SHRADHA PROJECTS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **SHRADHA PROJECTS LIMITED** (“the Company”) as of March 31, 2021 in conjunction with our audit of the Ind AS Consolidated financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to 8 associate company which are incorporated in India, is based on the corresponding consolidated report of the auditors, as applicable, of such companies incorporated in India.

SHRADHA PROJECTS LIMITED

NOTE A

SIGNIFICANT ACCOUNTING POLICIES

A. Statement of compliance

A(i) In accordance with the notification issued by the Ministry of Corporate Affairs ("the MCA"), the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, from 1st April, 2019 and the effective date of such transition is 1st April, 2018. Such transition has been carried out from the erstwhile Accounting Standards notified under the Act, read with relevant rules issued thereunder and guidelines issued by the RBI (collectively referred to as "the Previous GAAP").

B. The consolidated financial statements relates to The Holding Company and its associates. The details are as given below:-

Name of Associates	Country Of Incorporation	Proportion of Ownership Interest
ARATI MARKETING PRIVATE LIMITED	INDIA	20.06%
B O CONSTRUCTION PRIVATE LIMITED	INDIA	39.12%
INDUS VALLEY WORLD SCHOOL PRIVATE LIMITED	INDIA	40.54%
KHAITAN COMMERCIAL SERVICES PRIVATE LIMITED	INDIA	48.94%
KHAITAN PAPER & PACKAGING PRIVATE LIMITED	INDIA	20.74%
LILAC PROPERTIES PRIVATE LIMITED	INDIA	44.42%
MANOJ FINCOM PRIVATE LIMITED	INDIA	25.29%
SHRADHA INFRA REALTY PRIVATE LIMITED	INDIA	40.72%
SHRADHA TECHNOPACK PRIVATE LIMITED	INDIA	38.95%
THE MAJESTIC PACKAGING PRIVATE LIMITED	INDIA	25.22%
VIBRA TECH INFRA PRIVATE LIMITED	INDIA	42.97%
ACCORD INFRA PRIVATE LIMITED	INDIA	47.19%
KHAITAN CHEMICALS & FERTILIZERS LIMITED	INDIA	47.18%

C. Consolidation Process

Investment in Associates are accounted in accordance with Ind AS-28 on "Investments in Associates and Joint Ventures", under equity method. The difference between cost of investment in the associates and the share of net assets at the time of acquisition of shares in the associates is identified in the consolidated financial statements as Goodwill or Capital Reserve as the case may be.

D. Basis of Preparation of Financial Statements

The Consolidated financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS')-28, including the rules notified under the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the

SHRADHA PROJECTS LIMITED

historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Ind AS at the end of each reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The preparation of financial statements require the use of certain significant accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities.

The management believes that the estimates used in preparation of financial statements are prudent and reasonable.

Actual results could differ from those estimates and the differences between the actual results and the estimates would be recognised in the periods in which the results are known / materialised.

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest Lakhs, except otherwise indicated.

Comparative information has been restated to accord with changes in presentations made in the current year, except where otherwise stated.

The accounting policies for some specific items are disclosed in the respective notes to the financial statements.

The financial statements of the Company are presented as per Schedule III (Division III) to the Act applicable to Non- Banking Financial Companies (NBFCs), as notified by the MCA.

A. Revenue Recognition

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company, it can be reliably measured and it is reasonable to expect ultimate collection.

Revenue from Operations is recognised in the Statement of Profit and Loss on an accrual basis as stated herein below:

- i) Interest income from financial assets is recognised by applying the Effective Interest Rate ('EIR') to the gross carrying amount of financial assets, other than credit-impaired assets and those classified as measured at Fair Value through Profit or Loss (FVTPL) or Fair Value through Other Comprehensive Income (FVTOCI).
Any subsequent changes in the estimation of the future cash flows having impact on EIR are recognised in interest income with the corresponding adjustment to the carrying amount of the assets.
- ii) Interest Income on credit impaired financial assets is recognised by applying the effective interest rate to the net amortised cost (net of provision) of the financial assets.
- iii) Income or net gain on fair value changes for financial assets classified as measured at FVTPL and FVTOCI.
- iv) Revenue from trading in securities/intraday transactions is accounted for on trade date basis.
- v) Income from dividend is recognised when the Company's right to receive such dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

SHRADHA PROJECTS LIMITED

D Borrowing Costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds including interest expense calculated using the effective interest method.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Other income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Interest expense includes origination costs that are initially recognised as part of the carrying value of the financial liability and amortized over the expected life using the EIR. It also includes expenses related to borrowing which are not part of effective interest as not directly related to loan origination.

E Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

Current Tax is determined at the amount of tax payable in respect of taxable profit for the year as per the Income-tax Act, 1961. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates that have been enacted or substantially enacted at the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases.

Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences, unused tax credits and unused tax losses being carried forward, to the extent that it is probable that taxable profits will be available in future against which these can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

SHRADHA PROJECTS LIMITED

F Property, Plant and Equipment

Property, plant and equipment shown in the balance sheet consists of assets used in the provision of services or for administrative purposes.

Initial and subsequent recognition

Property, plant and equipment are initially recognised at cost together with borrowing cost capitalized for qualifying assets. Cost comprises the purchase price and any directly attributable cost of bringing the asset to the location and its working condition for its intended use. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent to initial recognition, property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Derecognition

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

Depreciation

Depreciation commences when the assets are ready for their intended use. It is recognised to write down the cost of the property, plant and equipment to their residual values over their useful lives, using the straight-line basis. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The Company has adopted the useful life as specified in Schedule II to the Act. Premium paid on Leasehold Land is amortized over a period of Lease.

Depreciation on assets purchased / sold during the period is recognised on a pro-rata basis.

G Cash and cash equivalents

Cash and cash equivalents comprise of cash on hand, balances with banks, cheques on hand, remittances in transit and short-term investments with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

SHRADHA PROJECTS LIMITED

H Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker (CODM). The CODM assess the financial performance and position of the Company and makes strategic decisions.

Financial Instruments

Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

1. Financial assets to be measured at amortised cost
2. Financial assets to be measured at fair value through other comprehensive income
3. Financial assets to be measured at fair value through profit or loss

The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets which are explained below:

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel.
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed.
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
- The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent

SHRADHA PROJECTS LIMITED

with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

Recognition of Financial Instruments:

Financial assets and financial liabilities are recognised when entity becomes a party to the contractual provisions of the instruments. Loans & advances and all other regular way purchases or sales of financial assets are recognised and derecognised on the trade date basis.

Initial Measurement of Financial Instruments:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Subsequent Measurement:

(A) Financial Assets

Financial Assets carried at Amortised Cost:

These financial assets comprise bank balances, Loans, Trade Receivables, other receivables, investments and other financial assets.

A financial asset is measured at amortised cost, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI):

A financial asset is measured at FVTOCI, if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Fair Value through Profit or Loss (FVTPL):

Financial assets at FVTPL include financial held for trading and financial assets designated upon initial recognition as at FVTPL. A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Any differences between the fair values of financial assets classified as FVTPL and held by the Company on the balance sheet date is recognised in the Statement of Profit and Loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gain on fair value changes" under Revenue from Operations and if there is a net loss the same is recognised in "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss.

Effective Interest Rate (EIR) Method:

The EIR is a method of calculating the amortised cost of a debt instrument and of allocating interest income or expense over the relevant period.

SHRADHA PROJECTS LIMITED

The EIR for financial assets or financial liability is computed:

- a) At the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset or to the amortised cost of a financial liability on initial recognition.
- b) By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c) Including all fees received between parties to the contract that are integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Impairment of Financial Assets:

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and FVTOCI at each reporting date based on evidence or information that is available without undue cost or effort.

The Company measures the loss allowance for a financial asset at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for that financial asset at an amount equal to 12-month expected credit losses.

No Expected credit losses are recognised on equity investments.

Derecognition of Financial Assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset accounted under Ind AS 109 in its entirety:

- a) for financial assets measured at amortised cost, the gain or loss is recognised in the Statement of Profit and Loss.
- b) for financial assets measured at fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves may be reclassified within equity.

If the transferred asset is part of a larger financial asset and the part transferred qualifies for derecognition in its entirety, the previous carrying amount of the larger financial asset shall be allocated between the part that continues to be recognised and the part that is derecognised, on the basis of the relative fair values of those parts on the date of the transfer.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, it recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, it continues to recognise the financial asset and also recognises a liability for the proceeds received.

Modification/ revision in estimates of cash flows of financial assets:

When the contractual cash flows of a financial asset are renegotiated or otherwise modified and the renegotiation or modification does not result in the derecognition of that financial asset in accordance with Ind AS 109, the Company recalculates the gross carrying amount of the financial asset and recognises a modification gain or loss in the Statement of Profit and Loss.

(B) Financial Liabilities & Equity Instruments Classification as debt or equity:

SHRADHA PROJECTS LIMITED

Financial liabilities and equity instruments issued are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An Equity Instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial Liabilities

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109 - "Financial Instruments".

Financial liabilities measured at amortised cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method except for those designated in an effective hedging relationship.

Amortised cost is calculated by taking into account any discount or premium and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the EIR method.

Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year, which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

Fair value measurement

On initial recognition, all the financial instruments are measured at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability, or

SHRADHA PROJECTS LIMITED

b) In the absence of a principal market, in the most advantageous market for the asset or liability The

Principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are as follows:

Level 1 financial instruments: Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments: Those that include one or more unobservable input that is significant to the measurement as whole.

Write-offs

The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

Earnings Per Share ('EPS')

Basic EPS per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

SHRADHA PROJECTS LIMITED

Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

Impairment losses on loans and advances

The measurement of impairment losses across all categories of financial asset requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These are based on the assumptions which are driven by a number of factors resulting in future changes to the impairment allowance.

A collective assessment of impairment takes into account data from the loan portfolio (such as credit quality, nature of assets underlying assets financed, levels of arrears, credit utilization, loan to collateral ratios etc.), and the concentration of risk and economic data (including levels of unemployment, country risk and performance of different individual groups). These significant assumptions have been applied consistently to all period presented.

The impairment loss on loans and advances is disclosed in more detail in Note No. 1.14.6 Overview of the ECL principles

Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model, if so, then it will be a prospective change to the classification of those assets.

Contingent liabilities and provisions other than impairment of loan portfolio

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

Fair Value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

SHRADHA PROJECTS LIMITED

Other estimates

These include contingent liabilities, useful lives of tangible assets etc.

Foreign currency transactions and translations

Transactions in foreign currencies are translated to the functional currency of the Company (i.e. INR) at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date and the related foreign currency gains or losses are recognised in the Statement of Profit and Loss.

H. Retirement Benefits

Gratuity is charged to Profit & Loss Account on the basis of contribution made to the Khaitan Group of Industries (Trust) maintained by LIC Of India.
